Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, Bangalore.

To

D. M. Narasinga Rau, Esquire., B. A., B. L.,

Secretary to the Government of His Highness
the Maharaja of Mysore, G. E N E R A L *Department,*
BANGALORE.

Sir,

In submitting herewith copy of D. O. letter dated the 15th instant, from the Health Officer, Kolar Gold - Fields, I have the honor to request the favour of being informed whether under the circumstances explained there -in, the Health Officer, may not be permitted to examine candidates for Insurance. It does not appear to me that such examination can reasonably be brought under the head " private practice". At the same time, however, the permission, if granted, ought to be liable to be withdrawn at any time in case it should transpire that the officer gives other than merely casual attention to the work, such as is likely to affect the interests of public - service.

I have the honor to be

SUBJECT.

Requesting the Health Officer, Kolar Gold Fields may not be permitted to examine candidates for insurance.

Encl to Sl's 3)

D. O. Dated 15th August 1917, from the Health Officer, Kolar Gold Fields, to the Sanitary Commissioner in Mysore, Bangalore.

I have been requested by an Insurance Company to examine some Insurance cases, as the cases examined by the local - Medical officer would not be recognised by the Company. I felt a doubt whether examining candidates for Insurance could come within the rule prohibiting Health Officers from taking up private practice. The object of this rule is to enable them to give their undivided attention to their work. Treatment of private cases would surely interfere with their routine duties as it necessitates attendance off and or in their - houses. But the medical examination for Insurance conducted perhaps one afternoon (Sunday) in a week may not interfere with our legitimate work. I understand that other Medical - Officers such as Resident Medical Officers though they are not expected to take up private practice still take up Insurance cases apparently for the reason that it is not considered likely to interfere with our work. However I shall feel - highly obliged if you will kindly favour me with your opinion for my guidance and future action.
